The words we use when we talk and write about architecture describe more than just bricks and mortar—they direct the ways we think of and live with buildings. This groundbreaking book is the first thorough examination of the complex relationship between architecture and language as intricate ...

### **Words and Buildings: A Vocabulary of Modern Architecture ...**

If Roland Barthes teaches us (in his Mythologies) that language is always pointing somewhere else beyond the literal meaning of words, Forty reminds us that even the basic definition of common words is muddled simply through their constantly changing and evolving history. Words and Buildings, A Vocabulary of Modern Architecture is a reminder that even...
