Autonomy and the Situated Self: A Challenge to Bioethics ...

Autonomy and the Situated Self argues that, as bioethics has become successful, it no longer clearly lives up to these founding ideals, and it offers a critique of the way in which contemporary bioethics has been co-opted by the very institutions it once sought (with good reason) to criticize and transform.

Autonomy and the Situated Self - overdrive.com

Autonomy and the Situated Self offers a critique of contemporary mainstream bioethics and proposes an alternative framework for the exploration of bioethical issues. It also contrasts two conceptions of autonomy, one based on a liberal model but detached from its political foundation and one that is responsive to the concerns of virtue ethics and connected to the concept of human flourishing.
