Dead State is a turn-based survival horror role-playing video game developed by DoubleBear Productions and Iron Tower Studio set in a zombie apocalypse scenario. Players are tasked with leading a group of survivors living in a shelter in the fictional town of Splendid, Texas. Dead State was released in December 2014 after having been in Early Access since spring of that year.

This is a selected list of free/libre and open-source video games. Open-source video games are games assembled from and are themselves open-source software, including public domain games with public domain source code. This list includes games in which the game engine is open-source but the game content (media and levels, for example) may be under a different license.
