Challenging Crossword Puzzles

The difference between what we do and what we are capable of doing would suffice to solve most of the world's problems. Mahatma Gandhi . These resources are generally appropriate for grades 5 - 9.

Waves - science-class.net

A crossword is a word puzzle that usually takes the form of a square or a rectangular grid of white- and black-shaded squares. The game's goal is to fill the white squares with letters, forming words or phrases, by solving clues, which lead to the answers. In languages that are written left-to-right, the answer words and phrases are placed in the grid from left to right and from top to bottom.
