Welcome to the lock pick guide, where you will learn how to pick a lock! This site is dedicated to the art of picking locks and of making picks for the amateur lock picker.

Lock Pick Guide, How to Pick a Lock

Lock picking is the practice of unlocking a lock by manipulating the components of the lock device without the original key.. Although lock picking can be associated with criminal intent, it is an essential skill for the legitimate profession of locksmithing, and is also pursued by law-abiding citizens as a useful skill to learn, or simply as a hobby ().

Basically, problem_1_table is a table that contains the (user_id, score) pair for submissions with problem_id = 1, and so on. Afterwards, we join with them on the user_id to produce the table we want.. In fact, this was our original approach to the problem! The website was built with Ruby on Rails, and we used a loop in Ruby to loop through all problems and generate the corresponding SQL query.
