The South West Coast Path is England's longest waymarked long-distance footpath and a National Trail. It stretches for 630 miles (1,014 km), running from Minehead in Somerset, along the coasts of Devon and Cornwall, to Poole Harbour in Dorset. Because it rises and falls with every river mouth, it is also one of the more challenging trails.

This is Volume 3 of Oregon State University's Landscape Plants web site. Landscape plants (mostly woody, i.e., shrubs and trees) in this volume are listed in alphabetical order by genus, from P (Pachysandra) through Z (Zelkova). From the list below select a letter which corresponds to the first letter of the genus you wish to view or, if listed, the genus itself (or search the Common Name List).
