The Cannon Group, Inc. was an American group of companies, including Cannon Films, which produced a distinctive line of low- to medium-budget films from 1967 to 1994. The extensive group also owned, amongst others, a large international cinema chain and a video film company that invested heavily in the video market, buying the international video rights to several classic film libraries.

The first part of the 1990s marked the end of the old Korean film industry. Firstly, the military dictatorship which had worked so hard to stifle and censor the film industry since the 1960s finally yielded power, with Korea's first democratically elected president Kim Young-sam taking office in 1993.

A few fodder system manufacturers are growing fodder in small trays which produce fodder "biscuits" which weigh around 16lbs and are admittedly conveniently sized, especially for smaller operations where you're distributing fodder rations by hand to a few animals.. We use 13 foot long growing trays and are occasionally asked why we don't use smaller trays.
