By themselves, it is often difficult to tell just how tall a celebrity is. When you stack them up next to someone else, though, the point of reference becomes increasingly clear. When that other person happens to be their partner, the difference can seem even more drastic. While height differences commonly occur between romantic partners, celebrity couple height differences are often made all ...

The c-word, 'cunt', is perhaps the most offensive word in the English language, and consequently it has never been researched in depth. Hugh Rawson's Dictionary Of Invective contains the most detailed study of what he calls "The most heavily tabooed of all English words" (1989), though his article is only five pages long. Cunt: A Cultural History Of The C-Word is therefore intended as the ...
