A paper lantern is a lantern made of thin, brightly colored paper. Paper lanterns come in various shapes and sizes, as well as various methods of construction. In their simplest form, they are simply a paper bag with a candle placed inside, although more complicated lanterns consist of a collapsible bamboo or metal frame of hoops covered with tough paper.

Origin legends. There are several beliefs about the origin of the Lantern Festival. However, its roots trace back more than 2000 years ago and is popularly linked to the reign of Emperor Ming of Han at the time when Buddhism was growing in China. Emperor Ming was an advocate of Buddhism and noticed Buddhist monks would light lanterns in temples on the fifteenth day of the first lunar month.

The jack-o-lantern emoji first carved its way onto keyboards under Unicode 6.0 in 2010 and quickly became a staple of Halloween and autumn emoji-dom.. Some platforms depict an illuminated pumpkin and differ in how they style its face, but all feature a classic, jagged-mouth jack-o-lantern face, hinting a mischievous but merry night to come, as the screenshot from Emojipedia shows below.
