### **The Several Lives Of Orphan**

Orphan Black is a Canadian science fiction thriller television series created by screenwriter Graeme Manson and director John Fawcett, starring Tatiana Maslany as several identical people who are clones. The series focuses on Sarah Manning, a woman who assumes the identity of one of her fellow clones, Elizabeth Childs, after witnessing Childs' suicide.

An orphan (from the Greek: ὀρφανός, translit. orphanós) is someone whose parents have died, are unknown, or have permanently abandoned them. In common usage, only a child who has lost both parents due to death is called an orphan. When referring to animals, only the mother's condition is usually relevant (i.e. if the female parent has gone, the offspring is an orphan, regardless of the ...

[on his favorite The Dukes of Hazzard (1979) episode] What I really enjoyed was the episode where Rosco thinks he inherits a million dollars and makes Boss Hogg his deputy. That was a fun, fun show. And then the other show that I enjoyed, I got to play a dual role, where I play a guy who actually has his face built like Rosco and he's trying to imitate Rosco.
