This is my second attempt at a large program for the new HP 35s programmable scientific calculator from Hewlett-Packard. My previous program addressed the curve fitting shortcomings of the 35s (compared to the HP-41C/CV/CX with Advantage Pac, or the HP-42S). This program is a start at doing the same for matrix functionality.

Start Using That Calculator Today Your first step will be to get one of these calculators well before you take the exam. When you are studying for the FE exam, whether it's working example problems or taking a practice exam, you should always practice with the same calculator your plan to use on the exam.

Rad Pro Calculator online performs many nuclear calculations that are useful to the health physicist, radiological researcher, radiochemist, radiation safety officer, health physics technician (HP) and other professionals in radiation physics and radiological engineering.

### **Rad Pro Calculator: Online Nuclear Calculations and Free ...**

The topographic sciences are a math intensive endeavor. Map making is far more than drawing squiggly lines on a sheet of paper. Before those squiggly lines get drawn there first must be a determination of things like the geographic extent of the map, the scale, the coordinate system and projection and the precise location of key features on the map.

Hsuan Liu (2002-05-06; e-mail) With 200 hp applied to a 2350 lb vehicle, what's the 0 to 60 mph time? Answer: at least 2.57 seconds (see formula below), but this silly lower limit would be the correct answer only if 200 hp was the actual average mechanical power applied to the tires during acceleration [assuming no skidding and deducting the energy lost to friction].

Pinecone's second law: Assuming a techlevel more advanced than nearfuture (i.e. interstellar -or- extremely cheap interplanetary travel exists), there will exist no true warship which will not ALSO be capable of single-handedly exterminating an entire continent, be it via nukes, kinetics or handwavium bombs. Corollary: If you are able to intercept and kill another warship across a star system ...
