Claudette Colvin (born September 5, 1939) is an American nurse and was a pioneer of the Civil Rights Movement. On March 2, 1955, she was arrested at the age of 15 in Montgomery, Alabama for refusing to give up her seat to a white woman on a crowded, segregated bus. Colvin acted a few months before the more widely known incident in which Rosa Parks, secretary of the local chapter of the NAACP ...

Some planes in the sky leave trails that persist and spread, and other planes, in the same sky, leave short-lived trails, or no trails at all. These trails are actually called contrails, short for "condensation trails". They are not smoke from the engines, they are formed when the water in jet engine exhaust (and there's quite a lot of it, like car exhaust on a cold day) mixes with wet ...

MUNICIPAL BUSES - INTRODUCTION

Plants can help cool cities through the water that evaporates from their leaves when exposed to the sun's rays, and by shading surfaces that otherwise might have absorbed heat. Research has found that on a sunny day, a single healthy tree can have the cooling power of more than ten air-conditioning units.. Plants also help keep harmful pollutants such as microscopic particulate matter at bay ...
